Merry Christmas 2008!

Note and Becca still have their same engineering jobs as last year, are still attending the same church, still have a rental house, and we're still enjoying life in Phoenix (to the dismay of our parents who want us to move back to Texas). Now that would be a boring Christmas card; but, there was one major change in our lives this year... the arrival of Hannah Beth Moehring on Feb 9th. As you can tell by the fact that she appears in ALL the pictures we have included, we are quite in love with her. We have found that being parents has been a very enjoyable experience (90% of the time) and we have been blessed with a beautiful, smart, and very happy baby!

Also, starting around May, we began providing respite for the foster care system. We've had kids anywhere from one night to 10 days when their current foster families have to go out of town or have emergencies. The kids have been great and Hannah likes having the playmates for a short time. We are going on the list for a full time placement in January, so we welcome your prayers as we embark on this new adventure.

Well, enjoy the pics and know that we think of you often and love all our friends and family dearly.
